

FLORA OF BRAZIL

State of Mato Grosso

No. R. 4168

*Nephrolepis*

---

Município de Torixoreu, c 14 km from  
Barra do Garças

Epiphytic fern, found at the base  
of a palm tree from which it must  
have fallen recently.

In a clearing formerly  
occupied by semideciduous forest

Date: 19.1.1977
