(Received 17 May 2012; accepted 26 June 2012)

Abstract A list of narrowly distributed Asian pteridophyte taxa towards an assessment of globally threatened species is provided. Of the total 886 taxa (835 species and 51 infraspecific taxa) enumerated, 577 occur in Southeast Asia, 215 in East Asia and 101 in South Asia.

Key words : endangered species, ferns, lycophytes, monilophytes, pteridophytes.

The pteridophyte (monilophyte and lycophyte) flora of Asia is remarkably rich as demonstrated by the fact that an estimated 4500 species, more than one third of the world's diversity, occurs in Southeast Asia (Moran, 2008) alone. Half a century has passed since the first publication of the *Flora Malesiana* series II (pteridophytes). These publications, however, do not yet even cover half of the species that occur in the region and it seems a considerable amount of time will be

required for their completion (Roos, 1996). On the other hand, the speed of deforestation in Asia is remarkably high (Sodhi and Brook, 2006), and pteridophytes, which are major constituents of the forest understorey, are undoubtedly under threat. Even though there are only a limited number of Asian pteridophyte species that have been assessed and included in the IUCN Red List, many Asian countries/areas have already published or compiled local red lists of vascular

plants including pteridophytes (e.g. Lee, 2009 for South Korea; Japanese Ministry of Environment, 2007 for Japan; Wang, 2010 for Taiwan; Fernando *et al.*, 2008 for the Philippines; Lindsay and Middleton, 2010- onwards for Thailand [assessed global threats following the IUCN criteria (IUCN Standards and Petitions Subcommittee, 2011)]; Chandra *et al.*, 2008 for India). Threatened species appearing in regional red lists are not necessarily globally endangered; there are many species which are locally endangered (at least in a part of the distributed countries/area) but are assessed as Least Concern over their entire distribution. In the present paper, we extracted 'narrowly distributed' taxa (i.e. endemic

to one country/area or distributed only in a few localities even when their ranges straddle parts of two or more countries/areas) from previously published regional red lists. We have also attempted to include possible 'rare and threatened' taxa in the countries/areas whose red lists have not yet been compiled based on our current knowledge from field and herbarium studies. Although this provisional list covers neither all of the countries/areas nor all the taxa we present it as a starting point for compilation of a red list of Asian pteridophytes using the IUCN criteria (IUCN Standards and Petitions Subcommittee, 2011) through international collaboration.

Table 1. A provisional list of narrowly distributed monilophytes and lycophytes in Asia that require assessments for a global red list. The system by Christenhusz *et al.* (2011) is adopted for family-level classification, but generic concepts are as supplied by contributing authors due to current lack of consensus on generic delimitation in some cases and the lack of published combinations in some genera. Taxon concepts of Indian species mostly follow Fraser-Jenkins (2008). Distributions are indicated by islands or island groups rather than by countries. Published categories of threatened species in regional red lists are indicated in 'Note' for those distributed only in one country/area if available (Japanese Ministry of Environment, 2007 for Japan; Wang, 2010 for Taiwan; Fernando *et al.*, 2008 for the Philippines; Parris *et al.*, 2010 for Peninsular Malaysia; Johns *et al.*, 2006 for New Guinea [Prov. Papua of Indonesia]) and also for those globally assessed (Lindsay and Middleton, 2010- onwards for Thailand, Laos and Cambodia).

Name	Distribution	Note
Lycopodiaceae		
<i>Huperzia bucahwangensis</i> Ching	China (Yunnan)	
<i>Huperzia crispata</i> (Ching ex H. S. Kung) Ching	China (Chongqing, Guizhou, Hubei, Hunan, Jiangxi, Sichuan, Yunnan)	
<i>Huperzia cunninghamioides</i> (Hayata) Holub	Japan (Amami Isl. [extinct]), Taiwan	CR in Taiwan
<i>Huperzia elmeri</i> (Herter) Holub	Philippines (Benguet, Tayabas, Mindoro, Palawan, Cotabato, Davao)	
<i>Huperzia lucidula</i> (Michx.) Trev.	China (Jilin)	
<i>Huperzia medogensis</i> Ching et Y. X. Lin	China (Xizang)	
<i>Huperzia muscicola</i> Ching et W. M. Chu	China (Yunnan)	
<i>Huperzia nilagirica</i> (Spring) R. D. Dixit	S. India (Kerala, Tamil Nadu)	
<i>Huperzia quasipolytrichoides</i> (Hayata) Ching var. <i>rectifolia</i> (J. F. Cheng) H. S. Kung et L. B. Zhang et H. S. Kung	China (Jiangxi, Hunan)	
<i>Huperzia rubicaulis</i> S. K. Wu et X. Cheng	China (Yunnan)	
<i>Huperzia taiwanensis</i> (C. M. Kuo) C. M. Kuo	Taiwan	DD in Taiwan
<i>Huperzia tetrastichua</i> (Kunze ex Alderw.) Holub	Maluku Islands (Seram) to Polynesia	
<i>Huperzia vernicosa</i> (Hook. et Grev.) Trevis	S. India (Kerala, Tamil Nadu), ?Sri Lanka	
<i>Huperzia verticillata</i> (L. f.) Trevisan var. <i>giganteum</i> Herter (= <i>Huperzia gigantea</i> (Herter) Holub)	Philippines (Davao, Cotabato, Misamis Occidental)	
<i>Lycopodium halconense</i> Copel.	Philippines (Mindoro)	EN in the Philippines
<i>Phlegmariurus austrosinicus</i> (Ching) L. B. Zhang	China (Chongqing, Guangdong, Guangxi, Guizhou, Hunan, Jiangxi, Sichuan, Hongkong, Yunnan)	

Table 1. (Continued)

Name	Distribution	Note
Lycopodiaceae (continued)		
<i>Phlegmariurus guangdongensis</i> Ching	China (Guangdong, Guangxi, Hainan)	
<i>Phlegmariurus ovatifolius</i> (Ching) L. B. Zhang	China (Yunnan)	
<i>Phlegmariurus yunnanensis</i> Ching	China (Yunnan)	
Selaginellaceae		
<i>Selaginella aitchisonii</i> Hieron.	Tien Shan, Sinkiang, Afghanistan, Pakistan, India (Jammu, Kashmir)	
<i>Selaginella apoensis</i> Hieron.	Philippines (Mindanao: Mt. Apo); Maluku Islands (Seram)	
<i>Selaginella atimonanensis</i> B. C. Tan et Jermy	Philippines (Quezon)	EN in the Philippines
<i>Selaginella calcicola</i> Hieron.	Maluku Islands (Seram), Borneo	
<i>Selaginella canaliculata</i> (L.) Spring	Maluku Islands (Seram, Ambon, Mian-gas, Morotai, Halmahera, Ternate)	
<i>Selaginella cataractarum</i> Alston	S. India (Tamil Nadu)	Possibly extinct in known localities
<i>Selaginella chaii</i> Jermy	Borneo (Sarawak)	
<i>Selaginella curtisii</i> Ridl.	Peninsular Malaysia	CR in Peninsular Malaysia
<i>Selaginella devolii</i> H. M. Chang, P. F. Lu et W. L. Chiou	Taiwan	EN in Taiwan
<i>Selaginella doederleinii</i> Hieron. var. <i>opaca</i> Seriz.	Japan (Izu Islands)	NT in Japan
<i>Selaginella gaudichaudiana</i> Spring	Maluku Islands (Seram, Morotai)	
<i>Selaginella hainanensis</i> X. C. Zhang et Noot.	China (Hainan)	
<i>Selaginella ingens</i> Alston	Borneo (Sabah)	
<i>Selaginella latifolia</i> (Hook. et Grev.) Spring	Sri Lanka	
<i>Selaginella lineariformis</i> Jermy	Borneo (Sarawak)	
<i>Selaginella miniatospora</i> (Dalzell) Baker	S. India (Maharashtra, Goa, Karnataka)	
<i>Selaginella ornithopodioides</i> (L.) Spring	Sri Lanka	
<i>Selaginella pilosula</i> Alderw.	Maluku Islands (Seram, Ternate)	
<i>Selaginella pricei</i> B. C. Tan et Jermy	Philippines (Western Samar)	EN in the Philippines
<i>Selaginella ridleyii</i> Baker	Peninsular Malaysia	EN in Peninsular Malaysia
<i>Selaginella rivalis</i> Ridl.	Peninsular Malaysia	CR in Peninsular Malaysia
<i>Selaginella robinsonii</i> Alderw.	Maluku Islands (Ambon, Seram)	
<i>Selaginella selangorensis</i> Bedd. ex Ridl. var. <i>selangorensis</i>	Peninsular Malaysia	VU in Peninsular Malaysia
<i>Selaginella selangorensis</i> Bedd. ex Ridl. var. <i>ciliata</i> Alston	Peninsular Malaysia	VU in Peninsular Malaysia
<i>Selaginella wattii</i> Baker	N. E. India (Manipur), ?Myanmar.	
Isoetaceae		
<i>Isoetes hopei</i> J. R. Croft	New Guinea (Prov. Papua)	EN in New Guinea (Prov. Papua)
<i>Isoetes hypsophila</i> Hand.-Mazz.	China (Jiangxi, Sichuan, Yunnan)	
<i>Isoetes neoguineensis</i> Baker	New Guinea (Papua New Guinea)	
<i>Isoetes orientalis</i> H. Liu et Q. F. Wang	China (Zhejiang)	
<i>Isoetes philippinensis</i> Merr. et L. M. Perry	Philippines (Lanao del Norte)	CR in the Philippines, possibly extinct in known locality
<i>Isoetes pseudojaponica</i> M. Takamiya, Mits. Watan. et K. Ono	Japan	VU in Japan
<i>Isoetes sahyadriensis</i> Mahabale	C. India (Maharashtra, Madhya Pradesh)	
<i>Isoetes sinensis</i> Palmer var. <i>sinensis</i>	China (Anhui, Guangxi, Hunan, Jiangxi, Zhejiang), Japan	

Table 1. (Continued)

Name	Distribution	Note
Isoetaceae (continued)		
<i>Isoetes sinensis</i> Palmer var. <i>coreana</i> (Y. H. Chung et H. K. Choi) M. Takamiya, Mitsu. Watan. et K. Ono	Korea, Japan	
<i>Isoetes stevensii</i> J. R. Croft	New Guinea (Papua New Guinea)	
<i>Isoetes taiwanensis</i> DeVol	Taiwan	CR in Taiwan
<i>Isoetes yunguiensis</i> Q. F. Wang et W. C. Taylor	China (Guizhou, Yunnan)	
Ophioglossaceae		
<i>Botrychium microphyllum</i> (Sahashi) K. Iwats.	Japan (Hokkaido)	CR in Japan
<i>Mankyua chejuensis</i> B. Y. Sun, M. H. Kim et C. H. Kim	S. Korea (Cheju-do Isl.)	CR in S. Korea
<i>Ophioglossum kawamurae</i> Tagawa	Japan	EN in Japan
<i>Ophioglossum namegatae</i> M. Nishida et Kurita	Japan	VU in Japan
<i>Ophioglossum parvum</i> M. Nishida et Kurita	Japan	VU in Japan
Marattiaceae		
<i>Angiopteris caudatifformis</i> Hieron.	China (Yunnan)	
<i>Angiopteris hokouensis</i> Ching	China (Guangxi, Yunnan)	
<i>Angiopteris rutenii</i> Alderw.	Maluku Islands (Seram)	
<i>Angiopteris sparsisora</i> Ching	China (Yunnan)	
<i>Archangiopteris bipinnata</i> Ching	China (Yunnan)	
<i>Archangiopteris hokouensis</i> Ching	China (Yunnan)	
<i>Archangiopteris itoi</i> W. C. Shieh	Taiwan	CR in Taiwan, a hybrid taxon
<i>Archangiopteris somai</i> Hayata	Taiwan	EN in Taiwan
<i>Marattia boninensis</i> Nakai	Japan (Bonin Islands)	VU in Japan
Osmundaceae		
<i>Osmunda bromeliifolia</i> (C. Presl) Copel.	Borneo, Philippines (Luzon, Mindoro, Panay, Mindanao)	
<i>Osmunda hybrida</i> Tsutsumi <i>et al.</i>	Laos, Myanmar	
<i>Osmunda mildei</i> C. Chr.	China (Guangdong, Jiangxi, Hongkong)	Hybrid between <i>O. japonica</i> and <i>O. vachellii</i>
<i>Todea papuana</i> Hennisman	New Guinea (Papua New Guinea)	
Hymenophyllaceae		
<i>Abrodictyum boninense</i> Tagawa et K. Iwats.	Japan (Bonin Islands)	EN in Japan
<i>Abrodictyum clathratum</i> (Tagawa) Ebihara et K. Iwats.	Taiwan, Philippines (Luzon)	
<i>Abrodictyum kalimantanense</i> (K. Iwats. et Kato) Ebihara et K. Iwats.	Borneo (E. Kalimantan)	
<i>Cephalomanes crassum</i> (Copel.) Price	Philippines (Samar, Leyte), Sulawesi	
<i>Crepidomanes megistostomum</i> (Copel.) Copel.	Thailand (Phitsanulok, Phangnga)	DD in Thailand
<i>Crepidomanes pervenulosum</i> (Alderw.) Copel.	Borneo (E. Kalimantan), Maluku Islands (Ambon)	
<i>Hymenophyllum archboldii</i> (Copel.) C. V. Morton	New Guinea (Prov. Papua)	Known only from the type
<i>Hymenophyllum batuense</i> Rosenst.	Sumatra	
<i>Hymenophyllum bontocense</i> Copel.	Philippines (Luzon), Thailand (Nakhon Si Thammarat)	
<i>Hymenophyllum campanulatum</i> Christ	Philippines (Panay, Negros)	
<i>Hymenophyllum copelandii</i> C. V. Morton	New Guinea	
<i>Hymenophyllum edanoi</i> (Copel.) C. V. Morton	Philippines (Mindoro, Luzon)	
<i>Hymenophyllum hieronymii</i> (Brause) C. Chr.	New Guinea (Papua New Guinea)	
<i>Hymenophyllum levingei</i> C. B. Clarke	N. Indian Himalaya (Sikkim), Bhutan, Tibet, China	
<i>Polyphlebium wernerii</i> (Rosenst.) Ebihara et K. Iwats.	New Guinea (Papua New Guinea)

<i>Oreogrammitis oncobasis</i> (M. G. Price) Parris	Philippines	
<i>Oreogrammitis pilifera</i> (Ravi et J. Joseph) Parris	S. India (Kerala, Tamil Nadu)	
<i>Oreogrammitis piruensis</i> (M. Kato et Parris) Parris	Maluku Islands (Seram)	
<i>Oreogrammitis polita</i> Parris	New Guinea (Papua New Guinea)	
<i>Oreogrammitis pseudospiralis</i> (Alderw.) Parris	New Guinea (Prov. Papua)	
<i>Oreogrammitis ramicola</i> sp. nov. in prep. [Parris 8501 (K)]	Borneo (Sabah: Mt. Kinabalu)	
<i>Oreogrammitis reptans</i> (Parris) Parris	New Guinea (Prov. Papua)	
<i>Oreogrammitis rupestris</i> (Parris) Parris	New Guinea (Papua New Guinea)	
<i>Oreogrammitis salticola</i> (Parris) Parris	New Guinea (Papua New Guinea)	
<i>Oreogrammitis similis</i> sp. nov. in prep. [Hennipman 5388 p. p. (K)]	Sulawesi: Mt. Rorokatimbu	
<i>Oreogrammitis simplicivenia</i> sp. nov. in prep. [Majuakim 1 (KEP)]	Borneo (Sabah: Gunung Silam)	
<i>Oreogrammitis sledgei</i> (Parris) Parris	Sri Lanka	
<i>Oreogrammitis subreticulata</i> (Copel.) Parris	New Guinea (Papua New Guinea)	
<i>Oreogrammitis taeniophylla</i> (Parris) Parris	New Guinea (Papua New Guinea)	
<i>Oreogrammitis tenuis</i> (Parris) Parris	New Guinea (Papua New Guinea)	
<i>Oreogrammitis tidorensis</i> sp. nov. in prep. [Alston 16730 (BM)]	Maluku Islands (Tidore: Gunung Kiema-tuba)	
<i>Oreogrammitis trogophylla</i> (Copel.) Parris	New Guinea (Papua New Guinea)	
<i>Oreogrammitis tuyamae</i> (H. Ohba) Parris	Japan (Bonin Islands)	CR in Japan
<i>Oreogrammitis ultramaficola</i> sp. nov. in prep. [Parris 8500 (K)]	Borneo (Sabah: Mt. Kinabalu)	
<i>Oreogrammitis velutina</i> (Parris) Parris	New Guinea (Prov. Papua)	
<i>Oreogrammitis wallii</i> (Beddome) Parris	Sri Lanka	
<i>Oreogrammitis xiphopteroides</i> sp. nov. in prep. [Croft & Hope 51 (K)]	New Guinea (Papua New Guinea: Star Mountains)	
<i>Oreogrammitis zeylanica</i> (Fée) Parris	Sri Lanka	
<i>Phymatopteris cruciformis</i> (Ching) Pic. Serm.	China (Guangdong)	
<i>Phymatopteris digitata</i> (Ching) Pic. Serm.	China (Guangdong, Guizhou, Zhejiang, Hunan)	
<i>Platyterium grande</i> (Fée) Kunze.	Philippines (?Masbate: Ticao Isl., Lanao del Sur, Davao, Zamboanga)	CR in the Philippines
<i>Podosorus angustatus</i> Holttum	Philippines (Isabela: San Mariano, Barangay Disulap)	CR in the Philippines, a monotypic genus known only from the type
<i>Polypodiodes falcipinnula</i> S. K. Wu et J. Murata	China (Yunnan)	
<i>Polypodiodes niponica</i> (Mett.) Ching var. <i>glandulosa</i> P. S. Wang	China (Guizhou)	
<i>Polypodiodes paramoena</i> Ching et Y. X. Lin	China (Xizang)	
<i>Polypodiodes pseudolachnopus</i> S. G. Lu	China (Sichuan, Xizang, Yunnan)	

Table 1. (Continued)

Name	Distribution	Note
Polypodiaceae (continued)		
<i>Polypodiodes simonsiana</i> Fraser-Jenk., in prep.	N. E. India (Arunachal Pradesh, Manipur, Meghalaya), Myanmar	Similar to <i>P. niponica</i> , but with a curved rachis and mid and lower pinnae backward-deflexed and very acutely pointed
<i>Polypodium amamanum</i> Tagawa	Japan (Amami Islands)	CR in Japan
<i>Prosaptia archboldii</i> Copel.	New Guinea (Prov. Papua)	
<i>Prosaptia binaiyensis</i> sp. nov. in prep. [Parris 11166 (K)]	Maluku Islands (Seram: Gunung Binaiya)	
<i>Prosaptia borneo</i> sp. nov. in prep. [Parris 6683 (K)]	Borneo (Sabah, Sarawak)	
<i>Prosaptia ceylanica</i> Parris	Sri Lanka	
<i>Prosaptia crenata</i> sp. nov. in prep. [LAE 61379 (K)]	New Guinea (Papua New Guinea: Mt. Albert Edward)	
<i>Prosaptia fungosa</i> sp. nov. in prep. [Brass 13207 (MICH)]	New Guinea (Prov. Papua: Idenberg River)	
<i>Prosaptia fusca</i> (Copel.) Parris	New Guinea (Prov. Papua)	EN in New Guinea (Prov. Papua)
<i>Prosaptia giluwensis</i> sp. nov. in prep. [Parris 9369 (K)]	New Guinea (Papua New Guinea: Mt. Giluwe)	
<i>Prosaptia idenbergensis</i> sp. nov. in prep. [Brass 13653 (UC)]	New Guinea (Prov. Papua: Idenberg River)	
<i>Prosaptia khasyana</i> (Hook.) C. Chr. et Tardieu	N. E. India (Meghalaya), Myanmar	Records of this species from elsewhere, including S. China and S. E. Asia refer to <i>P. barathrophylla</i> (Baker) M. G. Price
<i>Prosaptia koitakiensis</i> sp. nov. in prep. [Carr 12650 (K)]	New Guinea (Papua New Guinea: Owen Stanley Range)	
<i>Prosaptia micropora</i> (Copel.) Parris	Philippines	
<i>Prosaptia morobensis</i> sp. nov. in prep. [Woods 1640 (E)]	New Guinea (Papua New Guinea: Mt. Kaindi)	
<i>Prosaptia mulierum</i> sp. nov. in prep. [Gay 775 (K)]	New Guinea (Papua New Guinea: Western Highlands, Eastern Highlands)	
<i>Prosaptia negrosensis</i> (Copel.) M. G. Price	Philippines	
<i>Prosaptia novae-hiberniae</i> sp. nov. in prep. [LAE 68305 (K)]	New Guinea (Papua New Guinea: New Ireland)	
<i>Prosaptia pinnata</i> sp. nov. in prep. [Kluge 7275 (UC)]	Sulawesi: Mt. Roroka Timbu	
<i>Prosaptia repens</i> sp. nov. in prep. [Parris 8112 (K)]	New Guinea (Papua New Guinea: West Sepik, Western Highlands, Enga)	
<i>Prosaptia rivularis</i> sp. nov. in prep. [NGF 45058 (K)]	New Guinea (Papua New Guinea: Garaina)	
<i>Prosaptia seramensis</i> sp. nov. in prep. [Kato <i>et al.</i> C-12532]	Maluku Islands (Seram: Murkele Ridge, Gunung Binaiya, Sawai)	
<i>Prosaptia shawii</i> (Copel.) Parris	New Guinea (Papua New Guinea)	
<i>Prosaptia subglabra</i> (M. Kato et Parris) Parris	Maluku Islands (Seram, Bacan)	
<i>Prosaptia subulatipinna</i> (Alderw.) Parris	New Guinea (Prov. Papua)	
<i>Prosaptia sulawesica</i> sp. nov. [Hennipman 5303 (L)]	Sulawesi: Mt. Rorokatimbu	
<i>Prosaptia wobbensis</i> sp. nov. in prep. [Schlechter 16390 (K)]	New Guinea (Papua New Guinea: Wobbe)	
<i>Pyrrhosia boothii</i> (Hook.) Ching	Sikkim, Bhutan, Arunachal Pradesh, Myanmar	
<i>Pyrrhosia ceylanica</i> (Giesenh.) Sledge	Sri Lanka, S. India (Karnataka, Kerala, Tamil Nadu)	

Table 1. (Continued)

Name	Distribution	Note
Polypodiaceae (continued)		
<i>Pyrrhosia splendens</i> (C. Presl) Ching	Philippines (Luzon, Samar, Leyte, Bohol, Mindanao)	
<i>Radiogrammitis alepidota</i> (M. G. Price) Parris	Vietnam, Philippines (Luzon, Negros)	
<i>Radiogrammitis beddomeana</i> (Alderw.) Parris	Sri Lanka	
<i>Radiogrammitis celata</i> sp. nov. in prep. [Ranker 2181 p. p. (COLO)]	Borneo (Sabah: Mt. Kinabalu)	
<i>Radiogrammitis coreosora</i> (Alderw.) Parris	New Guinea (Prov. Papua)	
<i>Radiogrammitis exilis</i> sp. nov. in prep. [Sundue 2223 (KNP)]	Borneo (Sabah: Gunung Alab)	
<i>Radiogrammitis kanikehensis</i> sp. nov. in prep. [Kato <i>et al.</i> C-2998 p. p. (TI)]	Maluku Islands (Seram: Kanikeh)	
<i>Radiogrammitis kinabaluensis</i> (Copel.) Parris	Borneo (Sabah)	
<i>Radiogrammitis peninsularis</i> (Copel.) Parris	Peninsular Malaysia	EN in Peninsular Malaysia
<i>Radiogrammitis plana</i> (Alderw.) Parris	Sumatra	
<i>Radiogrammitis pseudoxiphopteris</i> (Parris) Parris	Peninsular Malaysia	CR in Peninsular Malaysia
<i>Radiogrammitis reducta</i> (Alderw.) Parris	New Guinea (Prov. Papua)	
<i>Radiogrammitis silvicola</i> (Parris) Parris	New Guinea (Papua New Guinea)	
<i>Radiogrammitis tehoruensis</i> (M. Kato <i>et Parris</i>) Parris	Maluku Islands (Seram)	
<i>Radiogrammitis tuberculata</i> (Parris) Parris	New Guinea (Papua New Guinea)	
<i>Selliguea yakuinsularis</i> (Masam.) H. Ohashi <i>et</i> K. Ohashi	Japan	EN in Japan
<i>Themelium abebaion</i> (Alderw.) Parris	New Guinea (Prov. Papua)	
<i>Themelium allocotum</i> (Alderw.) Parris	New Guinea (Prov. Papua)	VU in New Guinea (Prov. Papua)
<i>Themelium crenulatum</i> (Parris) Parris	New Guinea (Papua New Guinea)	
<i>Themelium ctenoideum</i> (Brause) Parris	New Guinea (Papua New Guinea)	
<i>Themelium elatum</i> sp. nov. in prep. [van Royen & Sleumer 8180a (K)]	New Guinea (Prov. Papua: Nettoti Range)	
<i>Themelium flagelliforme</i> (Brause) Parris	New Guinea (Papua New Guinea)	
<i>Themelium gibbsiae</i> sp. nov. in prep. [Gibbs 6119 (K)] [Gibbs 5664 (K)]	New Guinea (Prov. Papua: Angi Lakes)	
<i>Themelium loherianum</i> (Christ) Parris	Philippines	
<i>Themelium pseudallocotum</i> sp. nov. ined. [Kato <i>et al.</i> C-14165 (TI)]	Maluku Islands (Seram: Muselleinan Pass)	
<i>Themelium pullei</i> (Alston) Parris	New Guinea (Prov. Papua)	
<i>Tomophyllum bipinnatum</i> (Copel.) Parris	New Guinea (Prov. Papua)	
<i>Tomophyllum capillatum</i> (Brause) Parris	New Guinea (Papua New Guinea)	
<i>Tomophyllum congregatifolium</i> (Alderw.) Parris	New Guinea (Prov. Papua)	
<i>Tomophyllum cumingii</i> sp. nov. in prep. [Cuming 205 (E)]	Philippines (Luzon)	
<i>Tomophyllum daymanense</i> sp. nov. in prep. [Brass 22634 (L)]	New Guinea (Papua New Guinea)	
<i>Tomophyllum dissitum</i> sp. nov. in prep. [de Wilde & de Wilde-Duyfjes 14254 (L)]	Sumatra: Gunung Leuser	
<i>Tomophyllum epaleatum</i> (Parris) Parris	Sri Lanka, Java	
<i>Tomophyllum havilandii</i> (Baker) Parris	Borneo (Sabah)	
<i>Tomophyllum hymenophylloides</i> (Parris) Parris	New Guinea (Prov. Papua)	
<i>Tomophyllum perplexum</i> (Parris) Parris	Sri Lanka, S. India (Tamil Nadu)	
<i>Tomophyllum plicatum</i> sp. nov. in prep. [Lack & Grimes 1752 (K)]	Sulawesi: Gunung Tambusisi	

Table 1. (Continued)

Name	Distribution	Note
Polypodiaceae (continued)		
<i>Tomophyllum sakaguchianum</i> (Koidz.) Parris	Japan	EN in Japan
<i>Tomophyllum sesquipinnatum</i> (Copel.) Parris	New Guinea (Prov. Papua)	
<i>Tomophyllum terpsichoroides</i> sp. nov. in prep. [Croft 1336 p. p. (K)]	New Guinea (Papua New Guinea: Mt. Saruwaged)	
<i>Tomophyllum themelioides</i> sp. nov. in prep. [Parris 11189 (K)]	Maluku Islands (Seram: Gunung Binaiyai)	
<i>Tomophyllum warburgii</i> sp. nov. in prep. [Warburg 4720 (B)]	Java: Gunung Wilis	
<i>Xiphopterella alternidens</i> (Cesati) Parris	Borneo (Sarawak, Kalimantan)	
<i>Xiphopterella coriacea</i> sp. nov. in prep. [Sundue 2231 (KNP)]	Borneo (Sabah: Mt Kinabalu or Gunung Alab)	
<i>Xiphopterella corneri</i> sp. nov. in prep. [RSNB 1869A (K)]	Borneo (Sabah: Mt Kinabalu)	
<i>Xiphopterella gracilis</i> Parris	Peninsular Malaysia	
<i>Xiphopterella lenbrassii</i> sp. nov. in prep. [Brass 25701 (K)]	New Guinea (Papua New Guinea: Normanby Island)	
<i>Xiphopterella major</i> sp. nov. in prep. [Ranker 2194 (COLO)]	Borneo (Sabah: Mt. Kinabalu)	
<i>Xiphopterella murudensis</i> (Copel.) Parris, comb. nov.	Borneo (Sarawak)	
<i>Xiphopteris nudicarpa</i> (P. M. Zamora et Co) Parris	Borneo (Sabah), Philippines (Palawan)	

Acknowledgments

This study was supported by the Environment Research and Technology Development Fund (S-9) of the Ministry of the Environment, Japan.
